Massification

"As a service"  
New Deal

- 3D Design
- Blockchain
- Big data & Analytics
- Robots
- Augmented reality
- Self learning sensors

Industry 4.0

Before-During-After  
Journey

- Energy efficiency
- Carbon footprint
- **B**uilding **I**nformation **M**odeling
- Property Management
- Well Being & B2B2C Experience

# Smart Building

Collaborative  
Economic Life

- Renewable Energy
- Artificial Intelligence
- Urban Mobility
- Cybernetic organism
- Trust & Cyber-sécurité

Smart City

Distributed  
Smart Grids

- Energy efficiency
- Lify
- Renewable Energy
- Predictive and proactive services

# Smart Energy Management

## “Innovative Experience”

Transforming technological and digital disruptions into drivers of innovation in every aspect of a customer’s business.

## “Collaborative Experience”

Encouraging the emergence of communities of expertise by engaging all your stakeholders.

# “Leadership Experience”

Fostering a shared dynamic in which everyone can act as a change agent in the company.

Our mission is to enhance performance, to grow up organizations, ecosystems with agility, skills and innovation capabilities with **collective intelligence** centric approach.
